Sir:

Applicants received a Notification of Defective Response dated July 29, 2002 stating that the Declaration submitted in the above-referenced application is defective because the third inventor's last name is different on the declaration than on the published international application.

Applicants respectfully submit a statement by Ms. Dagmar Nowak, attesting that she is the same inventor identified as Dagmar WAIDELICH of the international patent application, PCT/EP/05376, filed on June 10, 2001, and published as WO 01/01503 A1, and that she changed her name as a consequence of her recent marriage. Applicants also submit as proof a copy of the inventor's marriage certificate and a legal instrument showing her name change.

Accordingly, applicants respectfully submit that the Oath and Declaration previously filed complies with the requirements with 37 C.F.R. § 1.497(a) and (b),

and request that the U.S. Patent & Trademark Office withdraw its finding that the Oath and Declaration previously filed is defective.

If there are questions regarding this communication or the application in general, a telephone call to the undersigned would be appreciated since this should expedite the prosecution of the application for all concerned.

If necessary to effect a timely response, this paper should be considered as a petition for an Extension of Time sufficient to effect a timely response, and please charge any deficiency in fees or credit any overpayments to Deposit Account No. 05-1323 (Docket #979/50805).

Respectfully submitted,
